PRESS RELEASE
SEPTEMBER 17, 2021

Residents of New Holstein

The City has been working with GFL to find a temporary solution to address the accumulated Garbage and Recycling items at each residence until our new service with GFL begins on October 7th. Beginning on Monday, September 20th the city will provide a drop off site with dumpsters for residents of New Holstein ONLY to dispose of accumulated household waste and recycling items.

This drop off site will be available Monday, September 20th and Tuesday, September 21st from 6:30 AM to 4:00 PM only. The City will reevaluate the need to extend these dates based on usage.

The dumpsters will be located on Taft Ave, at the Wastewater Treatment facility, within the gated area.

Only regular household waste and recyclables will be accepted. Garbage must be bagged. Recyclables can be transported to the drop off site in bags, but you will be required to dump the recyclable materials into the provided containers and throw away the bags in the trash container.

City staff will be onsite to monitor the items being dropped off, and to check ID's to verify residency in the City of New Holstein. This service is not available to non city residents and verification of address must be provided.

NOT ACCEPTED: Bulk waste items, furniture, appliances, hazardous materials, electronics. If you bring these items, you will be required to take them back with you.
